LanLight®

reddot design award
winner 2011

LanLight® is all this and more

LanLight is the complete supply system for the modern office, combining electrical, network and media connections and lighting in a single installation point.

LanLight® offers:

- a cable outlet

- a floor box with various inserts for a wide range of applications

- plug-in mobile power columns with two power circuits and up to eight data connections with self-contacting interface (mobile column)

- plug-in power columns with two power circuits and up to eight data connections with prepared patch cables

- a plug-in lighting module, one-sided, with lighting head that swivels on two axes

- a plug-in lighting module, double-sided, with swivelling lighting head

The modular socket is the basis of the
LanLight® system

Floor box inserts

Uniquely compact design: up to
4 power phases and 8 Keystone
data ports can be accommodated
on the 162 mm diameter unit

The LanLight® patch columns are simply set up on the base. The power and data connections are conveniently located at a height of 640 mm.

Extendable system
