BROCHURA GAMA LED

Acerca de nós...

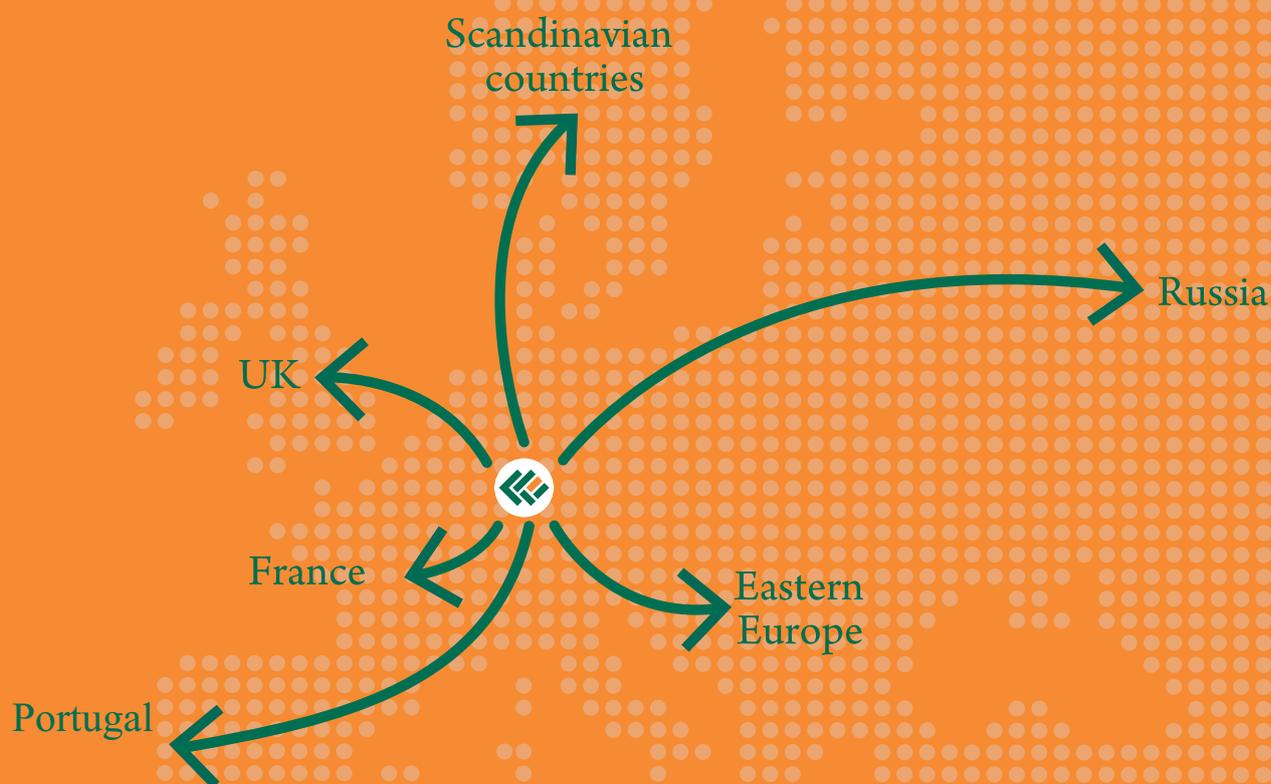

A EverFlourish Electrical Co., Ltd. é especialista no fabrico de soluções de alta qualidade para o sector eléctrico desde 1994. Tanto a produção como o serviço rápido são pontos que damos particular atenção.

Como fabricante, compreendemos que a qualidade é um ponto bastante importante no nosso sector. Buscamos a qualidade superior, não só no fabrico, mas também em design e desenvolvimento da gama total de produtos. Os nossos produtos oferecem um design inovador com funcionalidades "user-friendly" e qualidade elevada. Para atingir este objetivo, temos mais de 40 engenheiros experientes no departamento de R&D para projectar e desenvolver novos itens e para manter o ritmo com as rápidas mudanças nos diferentes mercados. O nosso contacto próximo com laboratórios de testes em todo o mundo nos mantém bem informados sobre os últimos padrões e normas para garantir que os nossos produtos estejam em conformidade com as normas de segurança mais rigorosas. Além disso, o nosso sistema abrangente QC garante qualidade em toda a nossa produção.

Acreditamos firmemente que a satisfação do cliente é a chave para o nosso sucesso e diariamente colocamos as nossas crenças em prática. Não só nós, entregamos produtos de qualidade, mas também um serviço de qualidade ao cliente. Para conseguir isso, a nossa equipe de marketing se compromete a fornecer respostas rápidas e soluções úteis para todas as perguntas levantadas diariamente.

Oferecemos ainda soluções feitas por medida aos nossos clientes no que diz respeito a embalagem dos produtos. Quando os nossos clientes precisam de combinar diferentes produtos numa encomenda, o nosso armazém com 4500m² nos permite consolidar produtos diferentes num único contentor para economizar custos de frete e de manuseio para simplificar todo o processo de exportação.

Ao longo de todos estes anos, estamos orgulhosos das nossas relações confiáveis e sólidas com a nossa rede de clientes. Iremos sempre continuar a perseguir os nossos objetivos para fornecê-lo com qualidade e serviço superior, agora e no futuro.
