Connected

Each moment has its light

LUTEC

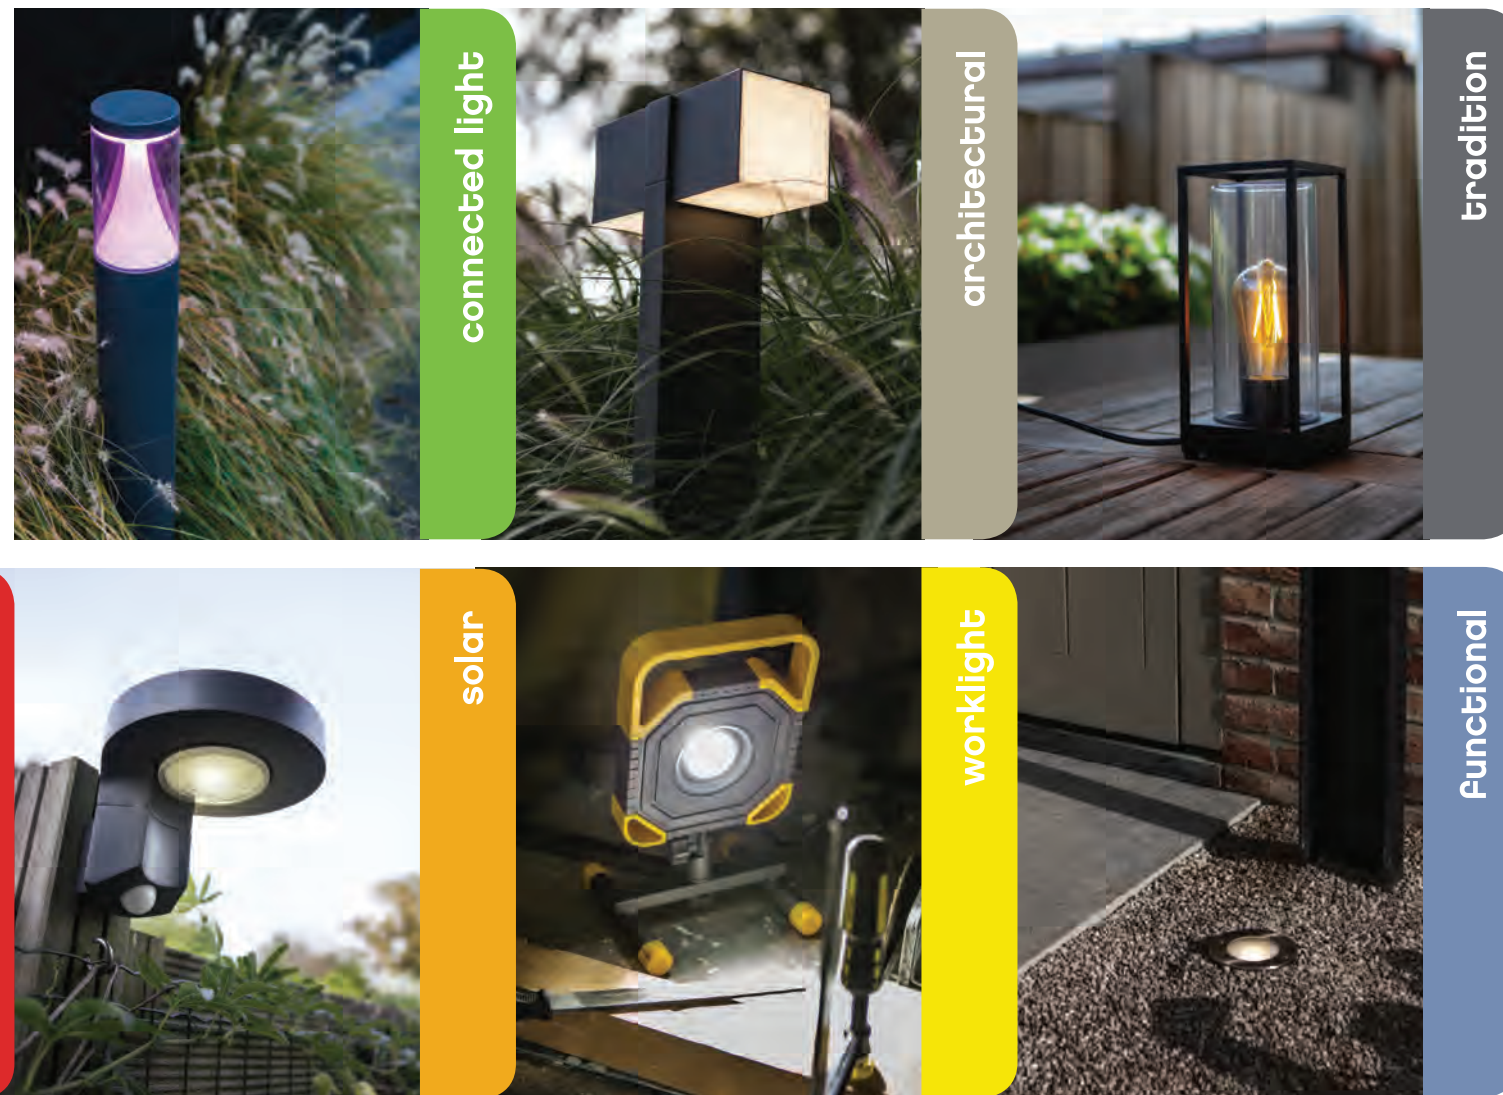

CONNECTED BY LIGHTING

Creating outdoor fixtures in many different sectors of use, LUTEC has become a leader in the outdoor lighting field.

The LUTEC centre is located in Yuyao (China) and combines all our design and engineering services as well as our main factories. An international sales & logistic network has been established in Europe, USA, Middle East & Australia.

our 7 activity segments

LUTEC

iDual

iDual

iDual has been a trendsetter from the start. Creating the most advanced lighting wireless remote control.

Simplicity is our promise, as nothing beats the added convenience of plug, point & play!

Over 5 million iDual products all compatible together, have been sold via DIY and retail channels across Europe and Asia Pacific.

Together we are preparing a new offer in indoor & outdoor lighting available in 2020, which will combine best of both worlds.

- Innovative new product & concept developments.
- Integrated design, engineering and manufacturing.
- Application of the newest technologies in tuneable and connected lighting.
- Global sales, service & logistic footprint.

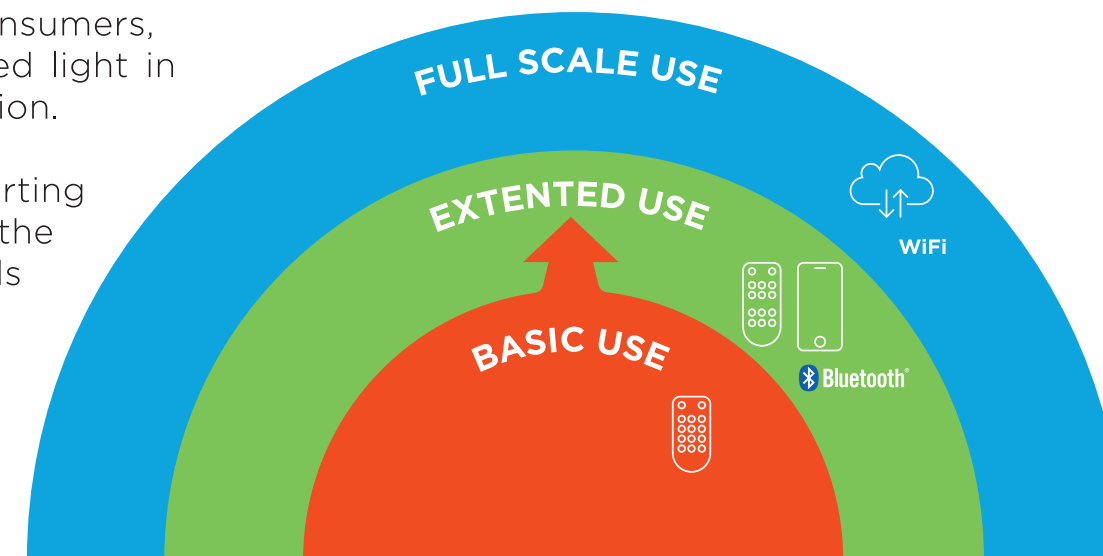

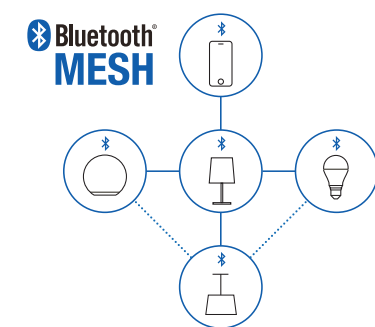

Connected
Each moment has its light

Control your lights from your bedroom to your garden.

The LUTEC/iDual proposition offers the consumers, exploring the possibilities of tuneable & connected light in their complete home, an easy and accessible solution.

Resulting in a convenient step-up program, starting from the IR Remote control and including the possibility to extend the user interface towards smartphone and smart speaker (*).

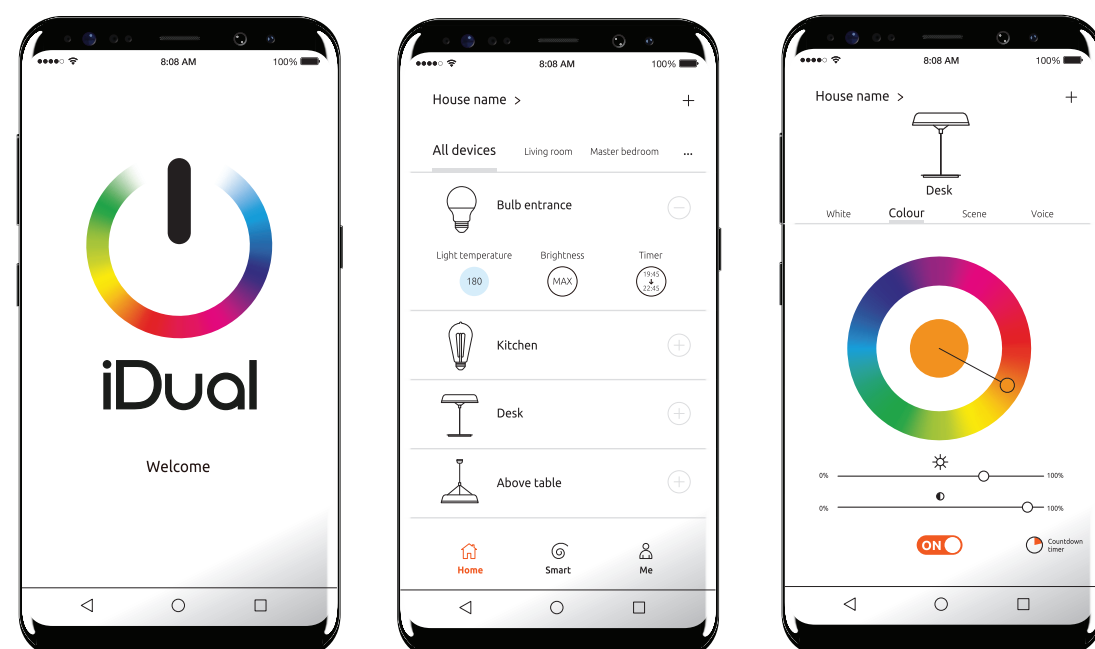

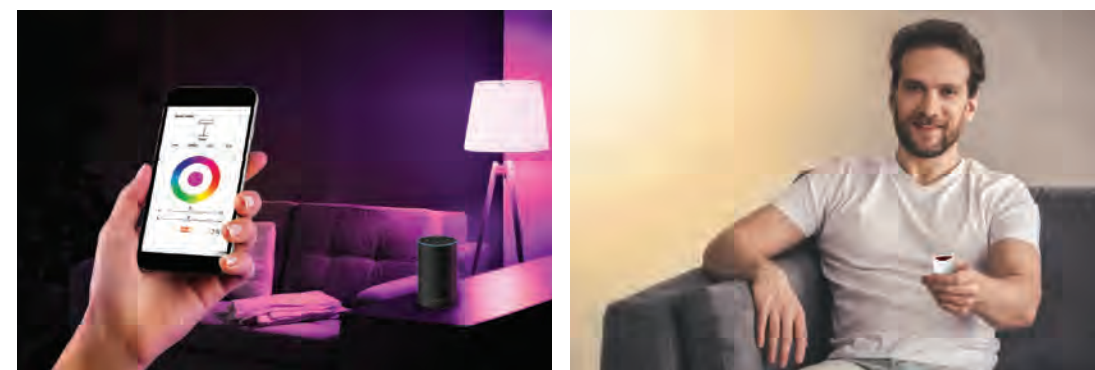

Full scalability towards all your indoor & outdoor living spaces thanks to Bluetooth Mesh technology.

Clever & Convenient User Interfaces

Launch of a brand new & elegant iDual Remote Control (IR Pointing or Bluetooth Room or Group Selection) or by Smart Phone control with the new iDual App.

In a second phase the possibility of Voice Control will be added to the eco-system.

Your future IoT lighting partner

LUTEC has taken the challenge to become one of the leading companies in the field of IoT lighting devices in the coming years. Offering a full range of Indoor & Outdoor luminaires with tuneable & connected features. Fully in line with the LUTEC brand promise. Differentiating & elegant designs, clever engineering and integration of the latest technologies. Fast & Reliable!

The first batch of somewhat 30 new developments will be available in the markets in Q3/2020.

Make your outdoor life smarter

Always connected

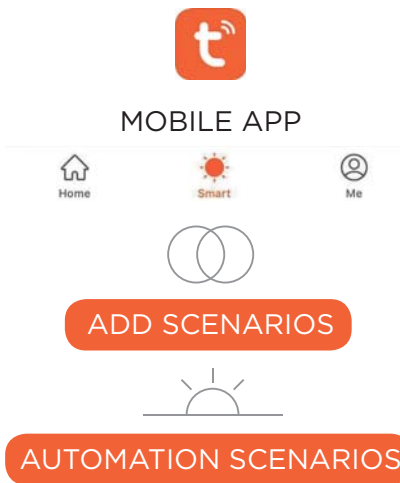

LUTEC introduces a range of Outdoor luminaires with the integrated TUYA connected light module.

Correlated Colour Temperature

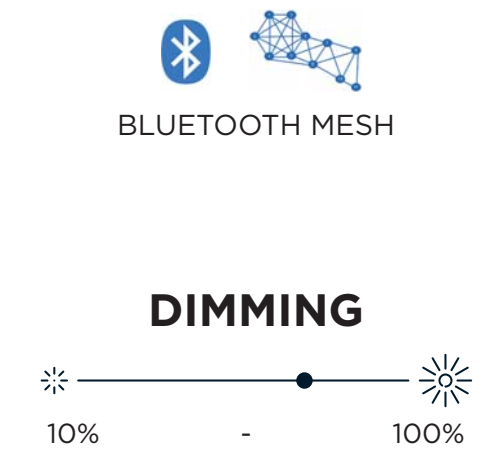

Combining high quality weatherproof aluminium fixtures with endless possibilities to control the powerful LED light.

Convenient, Comfortable & Personal

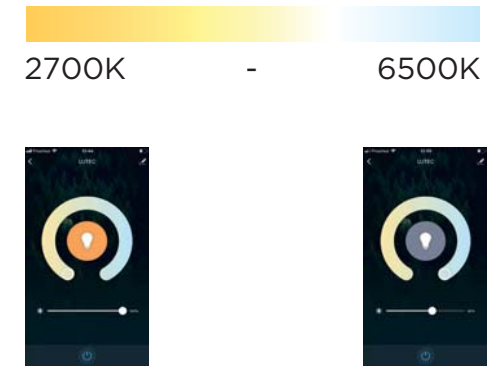

FULL CONTROL

EASY CONNECTION

TUNEABLE WHITES

Create your own lighting designs

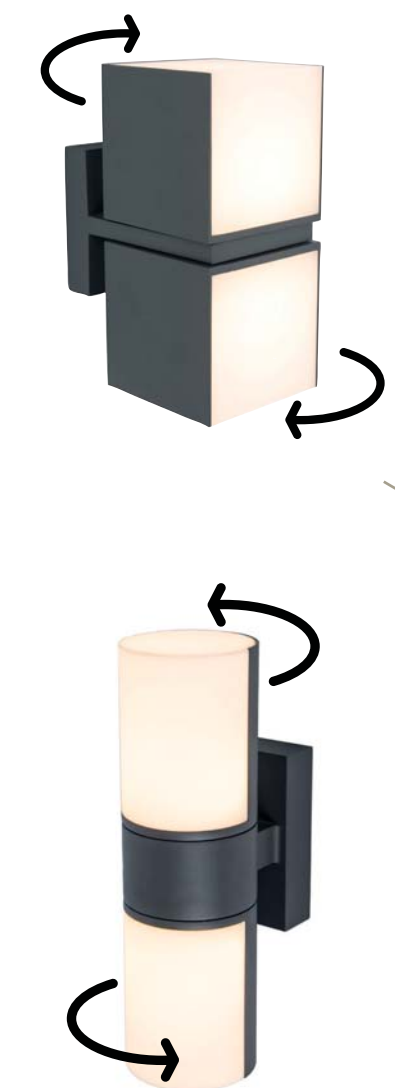

LUTEC offers a number of new outdoor LED wall & bollard lights, for consumers, who want to create versatile light effects around their homes in a playful though convenient way.

New! Compact one-head versions

Next to the CYRA model in round shape with similar characteristics, LUTEC has extended this well appreciated range with a number of one head wall & bollard versions. Compact solutions, providing the same superb lighting effects and product flexibility.

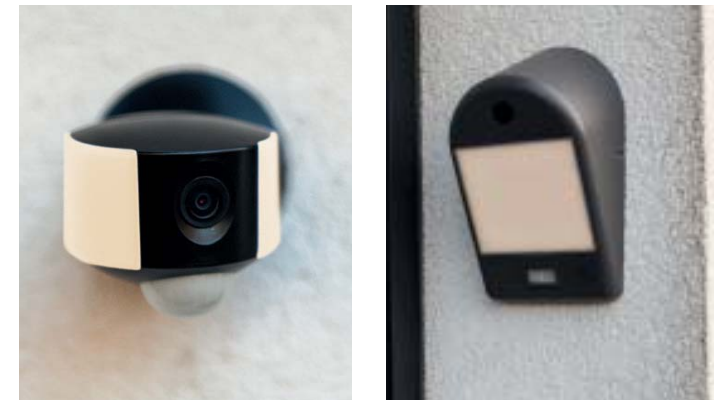

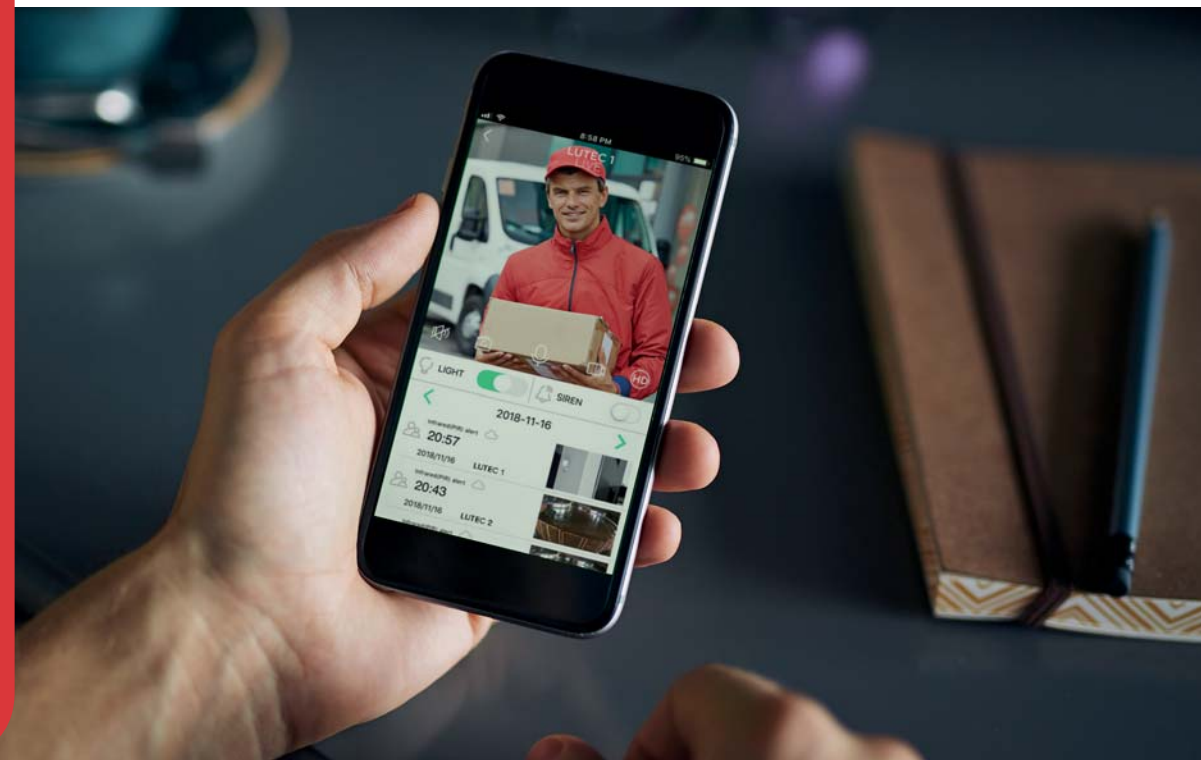

reddot award 2019 winner

Always **connected** with your home

As market initiator LUTEC is proud to present the 2nd generation of the connected camera range.

there's a new **tradition**

Cottage flair around your house

Next to the retrofit-series CATE & KELSEY, LUTEC introduces this year the new FLAIR tradition series.

Vintage flair LED filament bulbs

You can apply the newest decorative filament LED bulbs in the FLAIR models. These lamps are now available in all forms & shades. The connected & tuneable models will facilitate the full control of the lights at your personal desire. A warm amber glow turns your garden into a cosy & charming environment.

let the sun **pop-up!**

LUTEC has a variety of different concepts covering the complete solar energy field.
