ISOMAP ACCU IC

The Isomap ACCU IC handheld device can be operated independently of the grid power supply (cordlessly). This easy-to-handle, lightweight device can be used to strip enamelled wire with diameter in the 0.2 mm – 3.0 mm range. For stranded wire, it can be used to strip the insulating layer and twist the individual strands in a single work step.

HOW TO USE

FEATURES

- Can be operated independently of the grid power supply (cordlessly)
- Ergonomic design
- Rotation speed adjustable on the device
- Easy-to-operate switch
- The opening in the protective cap centers the wire
- For a wide range of wire diameters
- Strips up to 60 mm length

Delivery contents:

- Isomap ACCU IC handheld device
- 12V lithium-ion rechargeable battery
- Stripper head
- Protective cap
- Charging station
- Hex key

Works with the following stripper heads:

KG0-IC	0.2 - 1.6 mm
KG1-IC	0.5 - 2.5 mm
KG2-IC	1.5 - 3.0 mm
CR1-IC	up to 2.5 mm litz wire

TECHNICAL DATA

Battery

12V lithium-ion rechargeable battery
2.0 amp hours

Rotation speed

Continuously adjustable

Applications

Enamelled wire
PVC sheaths
(including twisting)

Standard range	Diameter 0.2 mm – 3.0 mm
Rechargeable battery technology	Lithium-ion/ECP
Input	220-240V 50-60 Hz 32W
Output	3.6-12V, 2A
Battery voltage	12.0 V
Battery capacity	2.0 amp hours
Charging time	1.5 h
Weight	0.690 kg
Length	25 cm
Width	4.5 cm
Depth	6.5 cm
Sound level	72.5 dB(A)
Optional equipment	Length gauge, extractor adapter, second rechargeable battery, stripper heads for various categories of wire
